BOOK SYNOPSIS

From the recognized experts in health administration comes a newly revised edition of an authoritative text for health services managers. Articulate and highly readable, the fifth edition examines virtually every aspect of health services management. Extensive revisions provide users with the comprehensive information you have come to expect on health services management. Future health care services managers will benefit from information on managerial problem solving, resource allocation and utilization, effective communication, organizational culture, continuous quality improvement, human resources, facilitation of change, and ethical and legal responsibilities.
