BOOK SYNOPSIS

Master Your Coursework with Collins College Outlines The Collins College Outline for Introduction to American Government covers all the major events in the creation of both the government and legislation, from the origins of the United States and the Bill of Rights and the Constitution to the three branches of government to civil rights and modern-day public policy. This detailed outline is a must-have for any student of the American political system. Completely revised and updated by Dr. Larry Elowitz, Introduction to American Government includes a test yourself section with answers and complete explanations at the end of each chapter. Also included are bibliographies for further reading, as well as numerous charts, timelines, and illustrations. The Collins College Outlines are a completely revised, in-depth series of study guides for all areas of study, including the Humanities, Social Sciences, Mathematics, Science, Language, History, and Business. Featuring the most up-to-date information, each book is written by a seasoned professor in the field and focuses on a simplified and general overview of the subject for college students and, where appropriate, Advanced Placement students. Each Collins College Outline is fully integrated with the major curriculum for its subject and is a perfect supplement for any standard textbook.

INTRODUCTION TO AMERICAN GOVERNMENT COLLINS COLLEGE
