BOOK SYNOPSIS

There is always that one person you ride for that doesn't ride for you in return. For Tamila, that person is Kareem Zyaire Jones, also known as the Devils Spawn. In *Riding for the Wrong Nigga*, Tamila comes to her senses that Kareem is no good for her and finds the courage to leave. As expected, leaving him came at a cost, especially with the revelation of leaving him for the man who taught him everything. After the love and war battle of the century between father and son, Tamila and Kelvin came out on top, or so they thought. Now that Kareem has resurfaced and made it known, he is back for revenge and to take his father's throne. The life that Kelvin and Tamila built in his absence is turned upside down. With the new edition to their family, Baby Kayden, the parents are forced to do things they never thought they would have to do in order to protect their family. Kareem isn't the only one out to break the two apart. Everybody has a past, but for Tamila and Kelvin, their past will make or break their future. Old flames resurface and new friendships test the waters of their love. Kelvin becomes secretive, causing Tamila to no longer trust him. The two promised to ride until the wheels fall off, but it is extremely hard to when people are shaking it up.
